BASEBALL TAG DAY JULY 11

On Saturday, July 11, the third annual Baseball Day is being held. On this day, the parents, friends and local organizations pitch in to give the baseball boys the financial boost that they need.

Do you realize what expenses are encountered each year to keep the boys enjoying the sport of baseball?

It takes approximately \$300 per year to get the teams started for a season's play. Impossible—read on: The insurance alone costs \$100; Baseballs sell for \$12.50 a dozen and it takes about four dozen per season; Bats cost from \$1.65 to \$2.50 depending on the weight. They use an average of 10 per season. Shin guards, \$5 each; Helmets, \$5 and up; Chest protector, \$1; Home plate, \$15; Bases, \$3 each.

The managers have shopped around and got these items at the lowest possible prices. Of course, some of these items do not have to be replaced each year but when 150 boys turn out for baseball, making up at least six teams replacements are always necessary. Of course umpires are a must in baseball and although Bethel is fortunate enough to have two trained ones, this is all done on a strictly voluntary basis.

No organization can continue when people are so disinterested that managers can't be found for the teams, when parents "don't have time" to watch their offspring in a game and when so little interest is shown in their one big day.

Show the boys you care. Come to town on July 11—come and bring your children. There is going to be something of interest going on all day and into the evening. Donate for a tag that the youngsters are going to be distributing in the morning—let the kids enjoy the game and booths planned especially for them in the morning—enjoy the parade after lunch then cheer for your favorite team at the field in the afternoon. Come one and all and enjoy a wonderful supper served on the common. (The kids like to eat out, too.) You can spend the evening enjoying game night and let the teenagers attend the record hop.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The 1963 tax liens were filed this week and the total number of liens recorded were 78. Of course some of the people have more than one piece of property but it is still an alarming number of unpaid 1963 real estate taxes. Last week I mentioned some of the new businesses and expansion of old businesses that were going on. When considering the bright outlook of new businesses, one must also consider debt and unpaid taxes that exist.

The tarring work was held up three days last week because the spray bar on the tar truck broke. It has been repaired and the tarring should be nearly finished by the end of the week.

The water company has been replacing water services on Main Street and the Central Maine Power Company is preparing to move the poles that must be moved on that street. Some of the trees on the Broad Street end of Main Street will have to be removed and a couple along the middle of the street will have to be taken but most will be all right. The nails with the red cloths attached are the location of the center line of the street.

The street was originally laid out as a two rod street so the road limit extends sixteen and one half feet on either side of the nails. If anyone is interested in how close the new street will come to his house, he can just measure 16 1/2 feet from the center line. The work will begin on the new street shortly after the tarring is done.

DUTCH ELM DISEASE PROGRESSING

During the past ten days two elm trees have been cut on the property of P. H. Chadbourne, Broad Street.

Several trees in the areas of Abler River Bridge, Mayville Bridge, Bethel Common and the upper Broad Street neighborhood, appear to be either totally or partially dead.

If you have elm trees on your property take a look and see if they are in need of destruction because of Dutch Elm Disease.

Some work has been done preliminary to rebuilding Main Street.

YOUTHS UNHURT IN MILL HILL CRASH

Three young people escaped serious injury when the car in which they were riding overturned on Mill Hill in Bethel, Saturday night.

A 1959-model imported car driven by Allen E. Buck, 17, South Paris, failed to negotiate a curve and hit the ditch and overturned on Mill Hill at the Junction of Route 5 according to investigating State Trooper Victor Greenleaf, Bethel.

Riding with Buck were Isala Pike, 16, South Paris, and Patricia Tomashay, 15, Harrison, and Massachusetts.

Trooper Greenleaf said that Miss Tomashay bruised her left hand. Neither Buck nor Miss Pike complained of any injuries. Trooper Greenleaf said the car was a total loss. Aiding Greenleaf at the scene was Deputy Sheriff Alton Howe, Bethel.
